# SHORT TERM RECOVERY CARE INSURANCE

PROTECTING YOUR FUTURE TODAY®

## » WHY SHORT TERM RECOVERY CARE INSURANCE?

You can't predict the future, but you can prepare for it. How will you pay for the unexpected accident or illness that requires a short stay in a Nursing or Assisted Living Facility or for Home Health Care, Adult Day Care or Hospice Care?

Regardless of the kind of insurance you have, Short Term Recovery Care Insurance can help protect your financial future. You could use your savings or retirement income to help pay for your recovery, or you can rely on us to help you protect your assets, rather than exposing them to risk.

According to the US Department of Health & Human Services, at least 7 out of 10 people who reach age 65 will use skilled or custodial care someday.\* The average cost for a private room in a nursing home is \$6,965 per month, and the cost may increase in the future.\*
